

Cliffside Location.

Also see for photos

Just go south from St. Albans on Little Coal River Rd. to Alum Creek (or “Forks of Coal?”)

Stay on Little Coal River Rd. and you’ll come to Cliffside in a couple of miles on the right. If you see the “swinging bridge” over the road, you went about ¼ mile too far.

See “Caretaker Ln.”. near the bottom of the map

That’s where the entry monument is / was

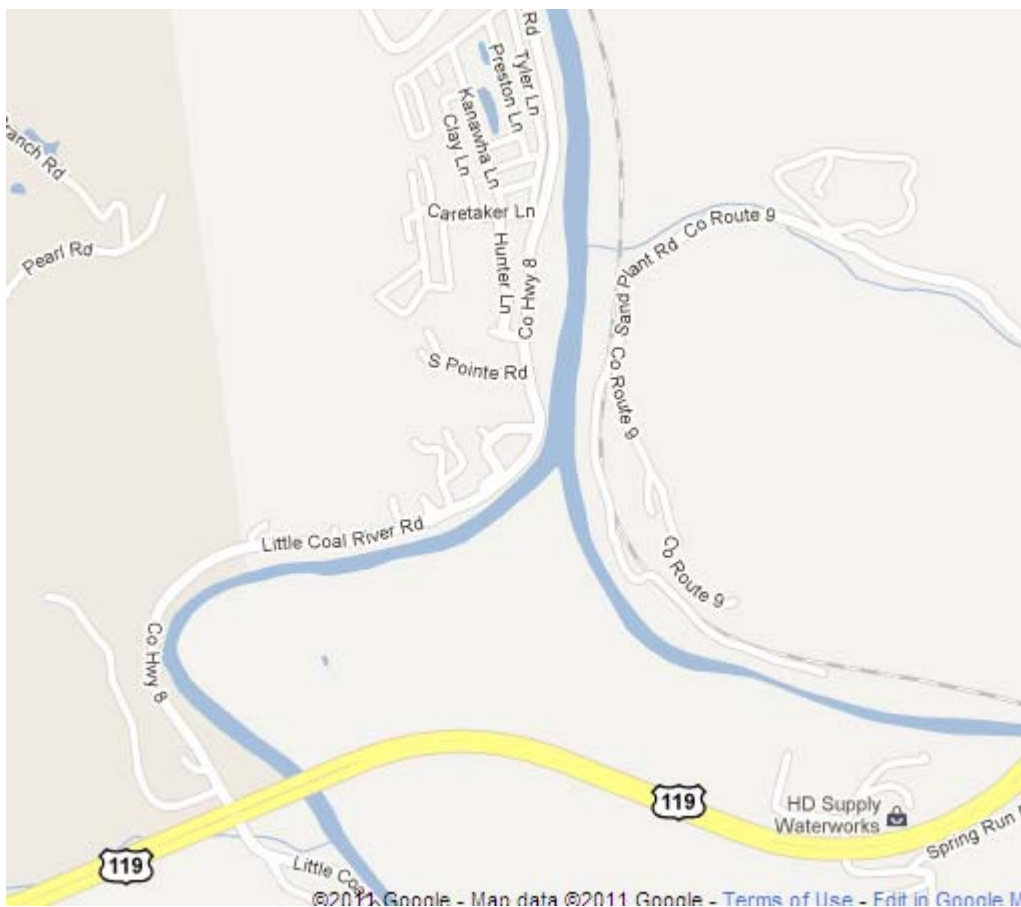

Turf...

Here's the entrance in 2000.

Hard to tell – maybe they renamed the entry street again. This was in 2002. Here it looks like West Virginia Ln., or St.? Anyway you can see the big stone entrance monument, from the old days.

Hmmm maybe it's easier to take Davis Creek Road to 119 south and get off at CO Hwy 8 (which is Little Coal River Rd). Caretaker Lane on the left just about a mile north.
